HEALTH GUARANTEE

Your Labrador puppy, purchased from Waterway Kennels, will be guaranteed to pass OFA certification for 26 months from date of birth.

If your dog fails certification by OFA, the purchase price will be refunded or the dog replaced as long as one of three specified criteria have been met:

- 1) The AKC registration papers returned to Waterway Kennels;
- 2) Proof that the animal has been spayed or neutered by a certified veterinarian, or;
- 3) The animal returned to Waterway Kennels.

This guarantee will be void if the dog fails certification because of injury, if dog is bred prior to OFA certification, or if ownership is transferred to anyone other than the original purchaser.

We have attempted to breed dogs responsibly and to avoid genetic defects in the animal you have purchased. Unfortunately there are a small percentage of defects that occur regardless. This guarantee is given to assure the owners of our dogs of our best intentions.
