

SECOND BREEDING

Competition Litter Due July 20

2009

WHY

NUCS National Champion
Rolling Hills of Moon Rivers

National Upland Classic Series
2006 National Champion

The pedigree of these pups is very exciting. It has dogs with hunting titles from the American, National, United, and Canadian kennel clubs.

Parents and grandparents include the AKC National Field Champion (2004) with FC & AFC titles, an ALPA Grand Master pointing retriever, junior and senior Hunt Test titles, and NBDCA 2X Champion and High Point flushing dog (1999), and NUCS National champions.

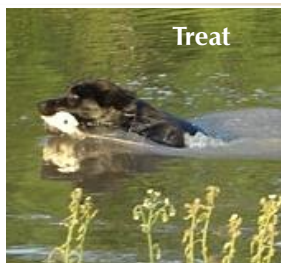

All this spells pure hunting dog, one whom will be very pleasing to the eye. Waterway takes great pride in the dogs we produce. Genetic health and appearance in a superior animal, bred for the discerning hunter and competitor, are our goals.
